PROFILE SUMMARY

BCA graduate with a strong foundation in web development and UI/UX design. Passionate about creating visually appealing, user-friendly, and efficient digital experiences. Dedicated to continuous learning and innovation in the tech industry. Seeking an opportunity to apply my creativity and technical skills in a dynamic environment that fosters growth.

PROJECTS

• HTML, CSS (<https://satya101903.github.io/Satya-cakewebsite1/>)

Developed a visually appealing static website for a Cake bakery using HTML and CSS. Showcased a variety of cakes and pastries, offering an intuitive and engaging browsing experience. Designed the static website for seamless navigation and enhanced user interaction.

• JAVASCRIPT (<https://satya101903.github.io/JS-works/>)

Developed dynamic transaction and shopping websites using JavaScript with real-time product browsing. Integrated APIs to enhance functionality, ensuring seamless data exchange and interactive user experiences. Focused on creating efficient, user-friendly, and responsive web solutions.

• REACT JS (<https://satya101903.github.io/react/>)

Created a user-friendly beauty products website featuring skincare, haircare, and fragrance categories. Designed for smooth browsing and effortless product selection. Integrated an intuitive add-to-cart feature, allowing users to easily manage their shopping experience.

• PORTFOLIO WEBSITE (<https://satya101903.github.io/satya-portfolio/>)

I have designed and developed a personal portfolio website to showcase projects, skills, certifications, and education. Included an "About Me" section and a contact form for seamless communication. Focused on creating a visually appealing and well-structured online presence.

INTERNSHIPS & CERTIFICATES

- Certified in UI /UX Developer at Tech Mahindra Smart Academy Foundation.
- MS Office Certification – DataPro
